2020-21 Staff & Peer Support for Students

STUDENT LEARNER

YOU *are your best support throughout your graduate studies!*

Take the initiative to review the ***Graduate Handbook*** *and do some independent research before asking others.*

Faculty Support

Peer Support

Staff Support

SUPERVISOR

Your Supervisor should be the first person you contact for all program-related questions, including assistance and guidance with program progress, degree requirements, and academic support.

SUPERVISORY COMMITTEE

Make use of your committee members! Your Co-Supervisor(s) are a great resource for research and professional development support.

PEERS

Your Peers (especially senior students) are a great resource for finding success as a graduate student. Seek advice on tips & tricks for comps, defending your thesis, grant applications, practicum, and more.
