1. Chair’s Remarks and Introductions
The Chair welcomed the members and guests to the inaugural meeting of the University of Toronto Scarborough (UTSC) Campus Affairs Committee meeting. She introduced herself along with the Vice-Chair, Assessors, and Non-voting Assessors and asked members to introduce themselves.

2. Orientation
The Chair gave an Orientation presentation, highlighting the following:

- The Origin of the Campus Council and its Standing Committees;
- Responsibilities of Members;
- The Distinction Between Governance and Administration;
- The Terms of Reference;
- The Calendar of Business; and
- The Rules of Order.

The Chair invited the Voting Assessors, Professor Rick Halpern, Mr. Andrew Arifuzzaman, and Mr. Desmond Pouyat, to present an overview of the role, objectives and priorities of their respective portfolios.

3. Calendar of Business, 2013-14
The Chair of the Committee and the Secretary of the Governing Council advised members that the proposed Calendar of Business for 2013-2014 had been included in the agenda package. She emphasized that it was a living document and that items would be added or removed as appropriate. Members were encouraged to review the calendar of business on a regular basis. The Governing Council’s Calendar of Business was updated weekly (on Fridays).

4. Revisions to the Policy on Capital Planning and Capital Projects
At the invitation of the Chair Mr. Louis Charpentier, Secretary of the Governing Council, outlined the governance path for the proposed revision to the Policy. He explained that capital projects with a project budget over $3 million and up to $10 million (Approval Level 2) would be considered by the Campus Affairs Committee and then the Campus Campus Council rather than by the Planning and Budget Committee, following this they would proceed to the Academic Board for final consideration. For capital projects with a project budget above $10 million (Approval Level 3), the same process would occur but projects would proceed to Governing Council following the Academic Board. There were no proposed changes to the approvals for capital projects with a project budget under $3 million (Approval Level 1). Mr. Charpentier indicated that projects that required borrowing would continue go to the Business Board for consideration. All projects above $3 million would require approval of the Business Board for
5. Proposal to establish the Centre for Planetary Science as an EDU: C

The Chair invited Professor Rick Halpern to introduce the item. Professor Halpern began by explaining that an EDU was an extra-departmental unit that is organized around emerging research and teaching areas that span disciplines and that there were four categories of EDUs. He explained that the establishment of a Centre for Planetary Science as an EDU: C was important to UTSC and emphasized that, with the Centre, UTSC could become the hub for Planetary Science at the University of Toronto. Professor Halpern advised that the Office of the Dean and the Office of the Vice Principal Research (UTSC) would provide seed funding for the Centre’s immediate operational needs, and that funding has also been provided by the Faculty of Arts and Science. There is a clear expectation that the Centre would find stable and ongoing resources through successful fundraising efforts in the spheres of scientific grants and philanthropic donations. In the discussion following the presentation a member asked about the criteria for funding specific proposals and whether funds would be diverted from other program areas to fund the Centre for Planetary Science. A response that this would not be the case was provided by Professor Halpern.

On motion, duly moved and seconded,

YOUR COMMITTEE RECOMMENDS

THAT the creation of the Centre for Planetary Sciences be approved effective immediately.

6. Presentation on governance structure for Toronto Pan Am Sports Centre (TPASC)

The Chair invited Mr. Andrew Arifuzzaman to present the proposed governance structure for the Toronto Pan Am Sports Centre (TPASC). He provided a brief background and status update on the facility. Mr. Arifuzzaman explained that the facility would be co-owned between the City of Toronto and the University of Toronto, and that the co-ownership agreement set out the fundamental principles, rights and obligations of the City and University as Co-Owners of TPASC, while the Unanimous Shareholders Agreement set out the relationship between the City and University as Shareholders of the TPASC corporation. Mr. Arifuzzaman concluded by saying that the University would provide staffing for programming of UTSC activities. In the discussion that followed a member asked what would happen to any operating surpluses generated by the Facility. Mr. Arifuzzaman replied that any surplus revenues would be used for maintenance, renovations and repairs. In response to a question about the fee structure for non-UTSC students Mr. Arifuzzaman indicated that those details were being worked out. A member asked how the City and the University would resolve deficit issues, in response Mr. Arifuzzaman said that the partners were contractually obligated to work with one another to resolve any such issues. Finally, in response to a question as to whether the facility operator would be the tie-breaker on key issues, Mr. Arifuzzaman indicated that key issues would need to be taken to the Board which would then provide direction to Management on how they should be resolved.
CONSENT AGENDA

7. Date of the Next Meeting- Wednesday, November 13, 2013, 4:00- 6:00 p.m.
