Mr. Desmond Pouyat, Dean of Student Affairs, Office of Student Affairs

1. Chair’s Remarks

The Chair welcomed members and guests to the meeting and introduced the teleconference and videoconference participants. She thanked Council members for attending the special meeting to discuss the total project cost and funding sources for the Renovation and
Expansion of the Recreation Wing (R-Wing) at the University of Toronto Scarborough – the new Highland Hall.

2. Assessors’ Reports

The Chair invited Professor Bruce Kidd, Vice-President and Principal, UTSC to present his report to the Council.

Professor Kidd reported on the recent threats received by the University and discussed how the campus was offering support and noted that the focus remained on safety as a key priority. In addition, he provided details on the University’s response to the Syrian refugee crisis and its increase of scholarships for refugee students with a $1M fund. The University was committing up to $500,000 to match (1:1) donations from the University community and supporters.

The Chair thanked Professor Kidd for his report.

3. Capital Project: The Renovation and Expansion of the Recreation Wing (R-Wing) at the University of Toronto Scarborough – the new Highland Hall - Total Project Cost and Sources of Funding

The Chair invited Ms Sue Graham-Nutter, Chair of the UTSC Campus Affairs (CAC) Committee, to introduce the capital project

Ms Graham-Nutter reported that the project was thoroughly discussed and noted that the special Campus Council meeting was necessary in order to have the project presented to the Governing Council on October 27, 2015 for approval. The earlier governance date would allow tendering of the project to conclude by the end of the calendar year, if approved. She invited Mr. Andrew Arifuzzaman, Chief Administrative Officer, UTSC, to present the total project cost and funding sources to the Committee.

Mr. Arifuzzaman reiterated that the scope of the project had not changed and was not being brought back to the Committee for approval. The focus was rather on the revisions to the funding sources. He presented the following funding sources figures to the Council for consideration:

Mr. Arifuzzaman highlighted that the forty-nine percent of the funding would be from UTSC Operating Funds. He also noted that the interest rate for borrowing would be the interest rate at the time of project completion, which was expected to be less than the budgeted interest rate.

In response to a question regarding the Donations funding source, Professor Kidd reported that he was currently working with Ms Georgette Zinaty, Executive Director, Development and Alumni Relations, to secure the necessary donations.

A member commented on the impact of increased student enrollment growth and asked whether the faculty complement could address the growth. Mr. Arifuzzaman responded that the faculty complement would be in place by the time it was required.

A member asked if student tuition fees would increase if the student enrollment targets were not met, and Professor William Gough, Interim Dean and Vice-Principal (Academic), reported that tuitions fees were not adjusted based on budget shortfalls and that they were regulated and approved by the Governing Council annually.

On motion duly made, seconded and carried,

The Chair reported that there was one vacancy for a Community Member to serve on the Council, and that a call for nominations would be made by the Office of the UTSC Campus Council to fill the position this Fall. In addition, she reported that students and teaching staff members of Council should have received an email with respect to nominating one additional student and teaching staff of Council to serve on the UTSC Agenda Committee when it acted as a nominating committee.
