Wireless Setup Instructions

Windows 7

1. Left-click on the wireless network icon and click on UofT.

2. Click the Connect button

3. Type your UTORegid and UTORegid password in the appropriate fields. Click OK.

4. If you see a warning message that the credentials provided by the server could not be verified, click Connect.

If your UTORegid was activated before September 2011, you will need to ‘verify’ the account by visiting the following page, https://www.utorid.utoronto.ca/cgi-bin/utorid/verify.pl and fill in your UTORegid and password. You can proceed with the setup when you receive the message "Your UTORegid and password have been checked and should work".
