OS 10.6+

Wireless Setup Instructions

If your UTORid was activated before September 2011, you will need to ‘verify’ the account by visiting the following page, https://www.utorid.utoronto.ca/cgi-bin/utorid/verify.pl and fill in your UTORid and password. You can proceed with the setup when you receive the message “Your UTORid and password have been checked and should work”.

1. If your airport is off, select Turn Airport On from the wireless network icon in top right corner.

![Turn Airport On](image1)

2. From the wireless network pull-down menu in the top right corner, select UofT.
