CAMPUS COMMUNITY POLICE

April 7, 2016

Good Afternoon,

A coyote has been spotted on campus, near the North Residences. While they are usually wary of people, here are a few tips to keep in mind if you do see it.

Do not approach it.

Do not feed the coyote. This is a wild animal and cannot be tamed.

Do not turn your back or run. Instead back away and remain calm.

Please report any sightings to Campus Community Police at 416-978-2222.

It's expected that the coyote, which has been tagged by the Ministry of Natural Resources, will move on from campus in search of food.

Thanks for your cooperation.
