43. BIOA01H3F (2019 Fall) - Life on Earth: Unifying Principles

ⓘ This course has an in-class lecture section (LEC01) and an online lecture section (LEC60). Both sections have in-person Term Tests and/or Final Exams. LEC60 is online. To find out more about online courses Click Here.

Please be assured that all students enrolled in a Lecture will be accommodated in a practical. The number of practicals currently open in some Fall/Winter courses do not accommodate all students presently enrolled in them. This is deliberate because enrolment patterns change between now and the start of the term. When the term starts, if necessary, we will open additional practicals to accommodate the students enrolled in the course at that time.

For changes to BIOA01H3F practicals after September 16, 2019, please see Jennifer Campbell in Room SW421D.
All practicals complete an outdoor field trip between **September 3-20**
Odd-numbered practicals begin labs during **week of September 9-13**
Even-numbered practicals begin labs during **week of September 16-20**

⚠ **Enrolment Control: A**
SUPERVISED STUDY/RESEARCH & INDEPENDENT STUDY COURSES
Step 1: Find a Supervisor and request the course on ACORN. Your status will be INT. You will not be officially enrolled until you complete the remaining steps (below).
Step 2: Meet with the Supervisor and obtain their signature on a 'Supervised Study form'. Make sure the course code, supervisor name and title of the project is clearly printed on the form as this information will appear on your transcript. The Supervised Study form is available at the Office of the Registrar (Highland Hall, Main Floor). Please visit https://www.utsc.utoronto.ca/biosci/undergraduate-research-opportunities and see Fahda Kulmiye (SW421E) for additional paperwork requirements.
Step 3: Submit the signed Supervised Study form to the Office of the Registrar Office by the last day to add courses for the session. Staff will update your course status on ACORN from interim (INT) to approved (APP).
