Thank you for applying for an ecoPark decal for your Low-Emissions Vehicle (LEV)!

Upon approval of your application, you will be eligible to park your vehicle in one of the Lot G parking spaces that are reserved for permit holders with BOTH an ecoPark decal on their windshield AND a valid North Lot parking permit (as space is available).

As emissions standards change with new vehicle model years, vehicles eligible for the ecoPark Program may differ from year to year. If the list of LEV at Parking Services doesn’t list your vehicle, but you understand that it meets the emissions standards, please contact the Sustainability Office at 416-208-2668 or sustain@utsc.utoronto.ca

Information about your vehicle is available from Natural Resources Canada [http://oee.nrcan.gc.ca/](http://oee.nrcan.gc.ca/)

Please provide us with the following information:

First Name: _______________________________________________

Last Name: _______________________________________________

Student Number: _______________________    UTORid:  _______________________

Valid UTSC North Lot permit number: ____________ Year and Term: _____________

Please give us some information about the LEV you will be driving to UTSC with the ecoPark decal attached. Please bring your vehicle ownership to Parking Services for verification.
