

In the land of the knights and knaves.

Knights always tell the truth.

Knaves always lie.

You meet A, B and C.

A says “B is a knave”.

B says “A and C are of the same type”.

What is C?

You meet three individuals, A, B and C.

A says “B and C are of the same type”.

Someone asks C “Are A and B the same type?”

What does C answer?
