

## TRACES Fees by Analyte

<u>Instrumentation</u>	<u>Internal User*</u>	<u>External User**</u>	<u>Notes</u>
MS Sample EI (EI-Library Matching/Search-1 compound)	\$25	\$75	Per sample/consumables not included
MS Sample ESI (ESI-Molecular Formula Generation-1 compound)	\$25	\$200	Per sample/consumables not included
VOC (Qualitatively assessment-3 compounds)	\$25	\$75	Per sample/consumables not included
PAH (Qualitatively assessment-3 compounds)	\$25	\$75	Per sample/consumables not included
BTEX or MTBE (Qualitatively assessment of benzene, toluene, ethylbz, xylene)	\$25	\$75	Per sample/consumables not included
Sugars (Qualitatively assessment of glucose, fructose, sucrose, lactose)	\$25	\$75	Per sample/consumables not included
CN Soil Determination	\$35	\$75	Per sample/consumables not included
Chloride/Sulphate by IC	\$25	\$50	Per sample/consumables not included
Phosphate/Nitrate by IC	\$25	\$50	Per sample/consumables not included
Sodium/Potassium/Calcium/Magnesium	\$25	\$50	Per sample/consumables not included
HHXRF (Gold/Silver or Alloys Only)	\$100	\$250	Per sample/consumables not included
Iron or Copper or Zinc (ppm level) (ppb level add \$25)	\$15	\$50	Per sample/consumables not included
Lead OR Silver (ppm level) (ppb level add \$25)	\$25	\$75	Per sample/consumables not included
Gold OR Platinum (ppm level) (ppb level add \$25)	\$50	\$100	Per sample/consumables not included
NPOC (water samples only)	\$35	\$50	Per sample/consumables not included
Inorganic Carbon (water samples only)	\$35	\$50	Per sample/consumables not included
Water or Soil pH	\$25	\$50	Per sample/consumables not included
Total Dissolved Solids	\$25	\$50	Per sample/consumables not included

**Cost does not include sample preparation** (i.e., digestion, dilution)
