

Job Title: Staff Accountant/Analyst, GTA

Employer: Deloitte LLP

Contact: Ms. Celine Dion

Job Description

Deloitte is one of Canada's leading professional services firms, providing audit, tax, consulting, financial advisory and enterprise risk services to a wide range of Canadian and international clients. We have more than 7,700 talented people in 57 offices dedicated to helping our clients excel.

Take a close look and discover the truth about Deloitte — how we think, how we're different. Your career is important to you. It's important to us, too. If you believe you'd fit with our culture of collaboration and excellence, we'd like to know more about you.

Our firm offers individuals interested in obtaining their CA designation many career opportunities within our different service areas;

Our Audit, Tax and Enterprise Risk services have opportunities for co-op students.

Enterprise Risk also offers some opportunities for non-CA bound candidates.

Within each of our service areas you'll work with key team members to develop an understanding of the business and economic environment in which our clients operate. You will be helping organizations of all sizes perform better- Going beyond the numbers- Turning problems into opportunities for our clients.

Students interested in pursuing their CA designation are key team members from Day 1. We'll help you get absorbed in learning new things, integrated into our firm, and together with our team of professionals we'll teach you about Deloitte. About your client. About your industry. About your practice area.

On most client assignments you'll join an engagement team, backed by the know-how and experience of Deloitte professionals – not only from across Canada, but also from around the world. It's a proven approach that delivers results and value for our clients.

Please note: this is a CA stream job posting and once you're interviewed we will work with you to determine the functional area that best suits you. However feel free to specify your area of interest in the application.

Your career is important to you. It's important to us, too. If you believe you'd fit with our culture of collaboration and excellence, we'd like to know more about you.

Qualifications

- Working towards a Bachelor of Commerce or other degree, along with completion of the CA School of Business pre-requisite courses for entrance into the CA Program
- Intention to obtain CA Designation
- Strong interpersonal and team-building skills
- Superior analytical and problem-solving skills
- Leadership and initiative, in and out of the work environment
- Flexibility, humility, integrity and professionalism
- Exemplary record of achievement
- A desire to be a contributing member of the community

RE: Staff Accountant

Dear Ms. Dion:

As a participant of the Deloitte National Leadership Conference, the experience was unforgettable. I had the opportunity to truly understand Deloitte's unique culture, values, and mission. Whether it is providing exceptional service to clients or professional development opportunities to staff, Deloitte offers the best. Deloitte goes above and beyond in setting global standards and ensuring quality. These factors are what draw me to your organization. I am confident that my practiced analytical and interpersonal skills will allow me to exceed expectations in the role of Staff Accountant at your firm.

As a DECA U delegate, I have analyzed numerous case studies, developed solutions, and presented my ideas to panels of judges in a professional manner. With my strong communication skills, I was awarded 3rd place overall at DECA U Provincial and Waterloo Invitational. The ability to communicate to clients, in a team, or to co-workers is crucial in Deloitte's work environment. Utilizing my strong communication skills, I am confident I will develop long-term relationships with clients and co-workers, enabling me to serve clients in an effective and professional manner. Furthermore, I will effectively communicate my ideas, concerns, potential audit issues, and unusual relationships to my team.

Furthermore, my experience with the Institute of Chartered Accountants of Ontario (ICAO) has required me to be an approachable, personable resource. In this role, I provide guidance to students regarding their career paths by answering inquiries concerning the CA designation and offering resources to enhance their learning. As a personal goal, I strive to help students understand the necessary core competencies in any career they pursue, and as a result have come to understand the CA designation better as well. It is through the interactions I engage in with students that I have confidence in my ability to build future relationships with clients and team members in an audit environment.

I appreciate your time in considering me as a candidate for your firm. To further discuss my ability to fit your needs, I look forward to meeting with you in person and discussing my qualifications for the Staff Accountant position.

Sincerely,

Amanda Singh
