Re: Competition Number IZ12-27

Dear Hiring Committee:

During the second year of my university career, I took a political science course on comparative development in international perspective. The course not only taught me to critically analyze international issues but it also confirmed my desire to work in the humanitarian field. The Program Assistant position with The Canadian Red Cross Society is an excellent opportunity for me to put my organizational, time management and computer skills to use. Most important of all, I am ecstatic about the chance to contribute to an organization that is a front runner in the humanitarian field.

For the past 3 years, I have worked part-time as a Receptionist in a very busy dental clinic. My ability to organize and learn quickly allowed me to perform numerous administrative tasks efficiently in a fast-paced environment including maintaining patient files, processing insurance claims and corresponding with involved parties. In addition, I showed initiative to research relevant information and contribute writing to the monthly newsletters that went out to patients.

At the Willy Wonka's Chocolate Factory, my ability to multi-task and perform under stress once again proved to be a winning quality in a fast-paced environment. I successfully managed the office for a team of 11 members and was able to provide sales support to each individual's satisfaction. My attention to detail was evident in all the documents I produced, including the log of purchase orders and the filing system I implemented.

My professional experience has trained me to be a meticulous multi-tasker. I hope I will have the opportunity to put those skills to use at The Canadian Red Cross Society and go beyond the classroom discussions to making a difference in the world.

Thank you for your time and consideration.

Sincerely,

Fareen Ali
