BIO B33 H3F Human Biology: Development and Anatomy
SYLLABUS – Fall 2018 – Dr. Connie Soros

Labs: Mondays 10:00am-1:00pm, 2:00-5:00pm, 7:00-10:00pm, Tuesdays 10:00-1:00, 1:00-4:00,
Rms: SW 321 and 323
Lecture: Wednesdays 11:00-1:00. Rm. HL001

Week 1  (Sept. 5) Lecture 1 – Introduction to Anatomy, Primary Tissues
Week 2  (Sept. 10-11) Lab 1 – *Histology of primary tissues*  
(Sept. 12) Lecture 2 – Skin
Week 3  (Sept. 17-18) Lab 2 – *Surface Anatomy & Skeleton I (axial)* (hand in assignment)  
(Sept. 19) Lecture 3 – Form (development)
Week 4  (Sept. 24-25) Lab 3 – *Surface Anatomy & Skeleton II (appendicular)*  
(Sept. 26) No Lecture this week
Week 5  (Oct. 1-2) Lab 4 – *Musculoskeletal I* – Start Fetal Pigs this week (need lab manual)(Quiz 1 on Lab 3)  
(Oct. 3) Lecture 4 – Connective Tissue
Week 6  (Oct. 8-9) Thanksgiving - no labs this week  
(Oct. 10) Reading Week – no lecture
Week 7  (Oct. 15-16) Lab 5 - *Musculoskeletal II* – Quiz 2 (on lab 4)  
(Oct. 17) Lecture 5 – Skeletal System
Week 8  (Oct. 22-23) Lab 6 – *Respiratory System & Digestive System* (hand in assignment)  
(Oct. 24) Lecture 6 – Muscles
Week 9  (Oct. 29-30) Lab 7 – *Urinary System, Reproductive System*  
(Oct. 31) Lecture 7 – Respiratory System
Week 10 (Nov. 5-6) Lab 8 – *Review Lab* Quiz 3 (on Lab 7)  
(Nov. 7) Lecture 8 – Digestive & Urinary System
Week 11 (Nov. 12-13) – Lab 9 - *In Lab Endocrine and Brain Assignment*  
(Nov. 14) In lecture Final Lab Exam (on labs 1-7)
Week 12 (Nov. 19-20) Lab 10 – *Heart and Cardiovascular System*  
(Nov. 21) Lecture 9 – Cardiovascular, Blood and Lymphatic System
Week 13 (Nov. 26-27) Lab 11 – *Senses* - Quiz 4 (on Lab 10, Senses hand in assignment)  
(Nov. 28) Lecture 10 - Brain, Nervous & Endocrine System and Senses

There will be a Midterm scheduled by the registrar, the class will be notified as soon as the date and time are set.

Final Exam Period: Thursday December 7 – Wednesday December 22 (we will have a written final exam scheduled in this period).
The lecture notes and both labeled and some unlabeled diagrams will be posted on Quercus weekly as well as any course information and exam details etc).

**Required Reading:** each week there will be a short assigned reading, these will be assigned during the lecture. The chapters in the text that each lecture corresponds to will be given at the time of the lecture and can be found on blackboard (you are responsible for the material covered in lecture and the required readings and figures/charts from the text, other material in the text is there as a resource to help you)

**Texts** (all available at the UTSC bookstore)

Frederic H. Martini, University of Hawaii, Robert B. Tallitsch, Augustana College, Judi L. Nath, Lourdes University - Packaged with Mastering A&P™ student access code, Martini’s Atlas of the Human Body and PAL (Practice Anatomy Lab) CD (this package also includes eText and ePAL)

Required Laboratory Manual: **Fetal Pig Dissection Guide 3rd ed.** James S. Miller

**Distribution of Marks:**

<table>

</tr>
<tr>
<td>Laboratory Quizzes and Assignments</td>
<td>15%</td>
</tr>
<tr>
<td>Final Laboratory Examination</td>
<td>20%</td>
</tr>
<tr>
<td>Final Written Examination</td>
<td>35% (During final exam period)</td>
</tr>
</tbody>
</table>

Laboratory and lecture examinations may include ALL the lecture, laboratory, required reading and cited text figure material for the particular topics covered on the examination. In other words, lecture material may appear in a laboratory examination and vice versa.

Lecture Examinations: the exact format of a particular lecture exam will be announced ahead in class. Lecture exams may include short answer such as multiple choice, fill in the blanks, definitions, matching type questions, labeling diagrams, etc. There may also be short and/or long essay questions. The Final exam may be cumulative, although with slightly less emphasis placed on material from the first half of the course. The final exam will be held during the final exam period.

Final Laboratory examination: This exam will focus on material we have covered in the labs including histology, fetal pig anatomy, surface anatomy and the skeleton. It will include slide show with questions in addition to a written portion.

**Missed Lab Quizzes** – students who miss a lab quiz for reasons entirely beyond their control may, within 48 hrs of the missed quiz, contact your TA and bring a written request for special consideration explaining the reason for missing the quiz and attaching appropriate documentation (UTSC medical note (the only acceptable medical note) which must be completed by a doctor). Your TA will discuss the date and format of the makeup quiz with you.
You CAN NOT switch lab sections!! You must go through the registrar or you will not receive any lab marks.

Missed Exams – students who miss an exam due to medical illness, must submit to Dr. Soros a detailed UTSC Medical Certificate filled out by the physician you saw on the day of the test itself. You MUST contact Dr. Soros within 48 hours of missing the exam. The date and format of the makeup test will be communicated via email. We will not accept any other medical certificate/note, and if the note is not
filled out to our satisfaction, we do reserve the right to refuse it.
The UTSC Medical Certificate can be found here for your convenience:
http://www.utsc.utoronto.ca/~registrar/resources/pdf_general/UTSCmedicalcertificate.pdf
The University of Toronto is dedicated to fostering an academic community in which the learning and scholarship of every member may flourish, with vigilant protection for individual human rights, and a resolute commitment to the principles of equal opportunity, equity and justice.

ACCESSABILITY STATEMENT
Students with diverse learning styles and needs are welcome in this course. In particular, if you have a disability/health consideration that may require accommodations, please contact AccessAbility Services Office as soon as possible. I will work with you and AccessAbility Services to ensure you can achieve your learning goals in this course. Enquiries are confidential. The UTSC AccessAbility Services staff (located in S302) are available by appointment to assess specific needs, provide referrals and arrange appropriate accommodations (416) 287-7560 or ability@utsc.utoronto.ca.

ACADEMIC INTEGRITY STATEMENT
Academic integrity is essential to the pursuit of learning and scholarship in a university, and to ensuring that a degree from the University of Toronto is a strong signal of each student’s individual academic achievement. As a result, the University treats cases of cheating and plagiarism very seriously. The University of Toronto’s Code of Behaviour on Academic Matters (http://www.governingcouncil.utoronto.ca/policies/behaveac.htm) outlines the behaviours that constitute academic dishonesty and the processes for addressing academic offences. Potential offences include, but are not limited to:

ON TESTS AND EXAMS: Using or possessing unauthorized aids. Looking at someone else’s answers during an exam or test. Misrepresenting your identity.

IN ACADEMIC WORK: Falsifying institutional documents or grades. Falsifying or altering any documentation required by the University, including (but not limited to) doctor’s notes. All suspected cases of academic dishonesty will be investigated following procedures outlined in the Code of Behaviour on Academic Matters. If you have questions or concerns about what constitutes appropriate academic behaviour or appropriate research and citation methods, you are expected to seek out additional information on academic integrity from your instructor or from other institutional resources (see http://www.utoronto.ca/academicintegrity/resourcesforstudents.html).

People:

Instructor: Dr. Connie Soros
Office: SW542
***E-mail: csoros@utsc.utoronto.ca (please do not e-mail more than once in 48 hours, I promise to answer all queries as soon as I can) ***
Please use your UoT email address and be sure to include BIO B33 in the subject line.
OFFICE HOURS: I will be available on Wednesdays, before class and 1:00-2:00pm, either in my office or in the teaching laboratory (SW322), or by appointment.

Laboratory Coordinator: Joanne Pearce
Email: pearce@utsc.utoronto.ca

TAs: I will post TA’s names and emails separately with their lab times (once labs begin, please direct lab based questions to your TA)
