Study Permits/Visas and Immigration

International applicants are strongly advised to check very early for the requirements for student study permits and entry visas with Citizenship and Immigration Canada (CIC). Do not wait until an admission decision has been made in order to begin the process of gathering required documentation for studying in Canada. A medical examination and proof funding may also be required. Consult the nearest CIC office or website immediately for the full list of requirements. Visit http://www.cic.gc.ca/english/index.asp. The UTSC International Student Centre and the Centre for International Experience provide a variety of services regarding immigration regulations, healthcare, and other important non-academic matters after applicants accepted FAIR program/UTSC admission offers. Visit www.utesc.utoronto.ca/issc and www.css.utoronto.ca.

Study permit holders in Canada may gain work experience by working off campus while completing their degree studies. For more details, please visit CIC’s website: http://www.cic.gc.ca/english/study/work-off-campus.asp

THE UNIVERSITY OF TORONTO SCARBOROUGH

University of Toronto is the top university in Canada and highly ranked in the world. The University of Toronto Scarborough, one of three campuses at the University, has developed a successful special admissions pathway named FAIR-UTSC (Rapid Admissions - International Recruitment). This highly student supportive program is a unique process to admit academically qualified international students into the undergraduate programs at UTSC. The program focuses on the expectation of active participation, research skill development, academic support and a thorough understanding of academic integrity. In addition to intensive study of academic English, students learn to adapt to their new life in Canada. After successful completion of the program, students begin their first-year undergraduate studies. Upon receiving their undergraduate degree, students are well positioned to continue into advanced degree programs or compete for highly desirable positions with top companies in Canada and multi-national corporations worldwide.
