

December 5, 2019

The UTSC Campus Community Police would like to take this opportunity to remind you to be safe as you travel to or from campus or while on campus. We have approximately 300 acres to explore, including the main buildings as well as the beautiful valley lands.

There are many safety services available while on campus and with the reduced daylight hours, we have a number of safety suggestions as well as encouraging the use of our TravelSafer program. The TravelSafer program will provide a member of our department to escort you to and from anywhere on campus, including the parking lots and the Pan Am Center. This service is available on a 24/7 basis and can be arranged by calling 416-287-7022.

TIPS FOR SAFE TRAVEL.

- Travel with a friend or in a group
- Use the TravelSafer program
- Avoid short cuts dark or deserted areas
- Do not use headphones after dark
- Always be alert and aware of your surroundings
- If possible, keep your cell phone charged and accessible

IF YOU SUSPECT YOU ARE IN DANGER.

- Move to a safer area if possible
- Join any group of people nearby
- Get attention from others by yelling or screaming
- Go to an open office or building
- Call 9-1-1 or Campus Community Police (416-978-2222)

Safety on campus is everyone's responsibility. If you see anyone or anything that is suspicious, we encourage you to call the Campus Community Police to help keep our campus a safe place to learn, work and play.
