

CSU Presents

PROFESSORS PANEL 2021

CHEMISTRY
SOCIETY

Dr. Shadi Dalili

- Associate Professor, Teaching stream since 2012
- Dr. Dalili has a passion for teaching organic chemistry and supervising upper-year research students
- She also has an interest in the integration of technology in chemical education
- Dr. Dalili's research using these educational tools has recently been published in the Journal of Science Education and Technology

Dr. Effie Sauer

- Associate Professor, Teaching Steam
- Dr. Sauer has a passion for teaching organic chemistry, green chemistry, and topics in biological chemistry
- Dr. Sauer strives to dispel the fear and anxiety that students have toward her courses by helping them find their own personal connections to the course material
- Recipient of UTSC Underground Professor of the Year Award (2012) & UTSC Faculty Teaching Award (2013)

**Saturday, Feb 13th
4:00 - 6:00 pm EST**
