Doctoral Supervisory Committee Form (Form D1)

By July 1st of Year 1 of the PhD program, the student and his or her (co-) supervisor (or co-supervisors) will assemble a Supervisory Committee. The School of Graduate Studies Guidelines for Graduate Supervision stipulates that the Supervisory Committee members should be able to provide expertise that complements and expands on that of the supervisor (or co-supervisors). They can act as a valuable sounding board for discussion of ideas emerging in the research. The Committee consists of the supervisor (or co-supervisors) and at least two additional graduate faculty members (one additional member in the case of a co-supervisory relationship). These faculty members are usually from the Graduate Department of Psychological Clinical Science but can be appointed to any graduate unit at the University of Toronto. If you are unsure about whether a faculty member is appointed the School of Graduate Studies, please contact the Program Manager. There must be a meeting of the student and Supervisory Committee at least once every year at which the student is expected to demonstrate satisfactory progress. The Committee should also provide advice on future work. If the membership of the Committee changes due to changes in the direction of the research, please notify the Program Manager.

Name of Student:______________________________________ Date: _____________

Student Number: ______________________________________________________

Supervisor: ______________________________________________________

Co-Supervisor (if applicable): ________________________________________________

Proposed date of first meeting:__________________________________

Area of Research (tentative title of PhD thesis or brief description of research topic):

________________________________________________________________________
________________________________________________________________________

Suggested Committee Members:          Faculty Member Type (circle):
