UTSC students may request a UTSC breadth requirement designation or assessment before or after taking a course at another U of T campus. Students may request that their credit be assigned to one of the five UTSC breadth requirement categories required to satisfy their degree requirements. Students must complete 0.5 credit in each of the following categories in order to satisfy their degree requirements: Completed assessments will be noted in Degree Explorer.

1. Arts, Literature, Language
2. History, Philosophy & Cultural Studies
3. Social & Behavioural Sciences
4. Natural Sciences
5. Quantitative Reasoning

I have completed the course(s) listed below at another U of T campus.

I am a transfer student admitted to UTSC beginning Fall 2010 and need an unspecified transfer credit to be assessed to a breadth requirement category. (Disregard the "Campus" column below.)
