SIGNING IN AND OUT OF CAMP

Please sign your child in at the sign-in table so that we can keep track of camper attendance. During this time, we will pair campers with their counsellors. At the end of the day, camp staff will bring the campers to the regular drop/off pick up location and parents/guardians will be required to sign out their camper(s). Parents/guardians must have a government-issued photo ID ready to present every time they sign out their child.

We do understand that many campers may have pre-arranged appointments (i.e. medical) that are scheduled during the camp day and that unforeseen emergencies may arise, but we strongly advise parents not to get in the habit of picking their child/ren up early. Please ensure that activities you register your child/ren for over the summer do not conflict or overlap with the camp program schedule. If you need to pick up your child/ren early, please email camp.utsc@utoronto.ca. Camp Directors will respond to emails every hour of the camp day between 8:30am-12pm and 1pm-4pm Monday through Friday.

INCLUSION AND SUPPORT

Camp U of T Scarborough provides our counsellors with the tools and resources to assist them in their ongoing efforts to be inclusive, welcoming, and responsive to campers, employees, and families with accessibility requests. If your child requires special accommodations to assist in an enjoyable camp experience, please contact our Camp Coordinator at camp.utsc@utoronto.ca and we can help you determine activities and camp experiences appropriate for your child, if possible.

SNACKS

Children and teens should bring a few nut-free snacks to camp each day for the morning and afternoon break periods scheduled daily. If your child/ren is registered for Extended Care an additional snack should be packed in their backpack. **Note:** Camp U of T Scarborough proactively maintains program areas as nut-free zones through careful inspection of snacks and lunches that come into camp each day. The online registration system will address food and nut allergies.

PERSONAL CARE SUPPORT

EpiPen Administration

Children and teens required to carry an EpiPen should place it in a pouch worn throughout the camp day or in their backpack where it can be immediately accessed by camp staff that are trained to administer epi-pen injections. The online registration system addresses and requires a response to questions pertaining to whether children are able to self-administer epi-pen injections or if they will require support from our staff.

Child Welfare & Security: to safeguard your children from being removed from the premises by unauthorized individuals, we ask that parents/guardians bring identification with them and display to staff on duty before campers are released into your care. If you plan on authorizing several people to drop off and/or pick up your children, please ensure you communicate the names of the individuals and the relationship they have with your children Director the Camp Directors camp.utsc@utoronto.ca

CAMP STRUCTURE (Children's Morning Program)

Camp U of T Scarborough's summer day camp for children ages 6-12 offers weekly morning Themed Camps. Children must register for the Themed Camp, which starts each morning from 9am - 11:45am. [The morning camp programs offer a mini-university experience in the afternoon through hourly rotations in programs such as computers, science, sports, drama, dance and arts and crafts.](#) Children for both programs are grouped in the following age categories: 6-8's and 9-12's.

THEMED CAMPS

Themed Camps take place weekly for the eight-week duration of camp. There is a different theme each week for campers to explore. Children ages 6-12 years old will participate in camp themes that explore science, physics, technology, sports and more!

Campers will spend the morning period learning about the theme for the week. This period takes place from 9:00am until 11:45am with a snack break in between (see page 6 for a typical day of camp outline).

NOTE: If a Theme Week takes place at an external site (i.e. the Valley on campus or TPASC), a bus will arrive at 11:50am to take children back to the school campus for lunch at noon.

RAINY DAYS AND EXTREME HEAT

On days where there is an extreme heat warning, camp programming will continue indoors in our air-conditioned facilities. Campers are encouraged to regularly apply sunscreen, drink water and keep their hats on their heads during the warmer summer months. During inclement weather days, camp programming will also continue indoors. Weather reports will be monitored until it is safe to return outdoors. Please make sure that your child wears the appropriate clothing and shoes for rainy and extreme heat days.

THE FIRST DAY OF CAMP:

During the first day of camp, campers may be both excited and nervous. On the first day only, we encourage families to arrive about 15 minutes early to get familiarized with the campus, find the pick-up and drop-off areas, learn the sign-in process and of course, meet the counsellors and fellow campers! During campers' first day, they will receive their complementary Camp U of T hat that can be worn all summer long!

CAMP STRUCTURE (Children's Afternoon Program)

Children in the Themed camps will enjoy a mini-University experience each afternoon from 1-4pm throughout the week in *some* of the following programs on an hourly rotation schedule (these programs will vary each season) :

ARTS AND CRAFTS

The artistic abilities of all children will emerge through a comprehensive construction session creating a wide range of hand-made objects using a variety of child-friendly materials.

SPORTS

Children will participate in team-based games that will improve their communication skills and self-confidence. They also learn the rules and fundamentals of many sports while learning how to work as a team.

DANCE

Children will learn a variety of dance styles (e.g. Hip Hop, Contemporary, Latin, Jazz etc.) fused with athletic sport conditioning that will aid in enhancing artistic expression through movement which improves balance, eye-hand coordination, flexibility, rhythm and cardiovascular conditioning.

DRAMA

This program will enlighten, educate and stimulate children's interest in the visual and performing arts through a theoretical and practical understanding of this artistic discipline through a fun and insightful exploration of acting, directing and dramatic theatre fundamentals. Children will learn and engage in a wide range of physical acting techniques such as miming, clown and mask performance, basic stage acrobatics, unarmed stage fighting, etc.

TALENT SHOW

NOTE: Children registered the last week of Camp will have the opportunity to take center stage at the highly anticipated Talent Show that takes place the last day of camp during the afternoon in the Leigh-Lee Brown Theatre. Due to popular demand, we provide parents with the opportunity to attend the show, however, spaces are limited and seats must be reserved prior.

Parents interested in attending the Talent Show should connect with the Camp Directors ► camp.utsc@utoronto.ca

*Notification regarding the Talent Show will be provided in advance.

COMPUTERS: In a controlled computer lab, educational sessions on the basics of core computing system applications, website building, multi-media production, health informatics, social media platforms, online research methods and various fun academic computer games are experienced.

KIDS' SCIENCE: Children's imaginations and creativity will be ignited through exploration of physical and environmental science workshops as they learn about wind, water, gravity and buoyancy through fun hands-on experiments and creations.

BONUS: Throughout the 8-week duration of camp, children engage and enjoy traditional recreational activities on "Fun Fridays" such as Pudding Dunk, Water Play, Capture the Flag, and Manhunt, which are camper favourites!

WHAT TO BRING TO CAMP

ITEMS TO BRING

Campers should be equipped with the following items to have a successful camp experience:

- Nut-free lunch and snacks (there will be two snack breaks; please try to bring reusable containers and as little garbage as possible)
- Backpack and/or lunch bag
- Comfortable, weather-appropriate clothing
- Reusable water bottle
- Sunscreen
- Comfortable, weather-appropriate footwear (preferably running shoes or closed-toed shoes)

PROHIBITED ITEMS

Expensive electronics, toys and collectibles **are prohibited** for children to bring to camp (e.g. cell phones, notepads, Pokémon cards etc.).

These items cause children to be distracted and, in some cases, unwilling to participate in carefully planned programming.

Other prohibited items include any hazardous items such as matches, knives, alcohol, illegal substances, lighters and weapons (real or imitation).

If you need to contact your child in an emergency, please contact our Camp Director or Camp Coordinator, and we can relay the message to your child.

NOTE: camp staff won't be able to ensure that valuables will not get lost or damaged.

LOST AND FOUND

All misplaced items that are found throughout the day will go into our designated lost and found bin. Families are encouraged to check the lost and found area before leaving each day. Any unclaimed items will be donated at the end of the summer. To avoid lost items, please clearly label all of your child's belongings. Camp U of T Scarborough is not responsible for any loss, theft or damage to personal items.

HEALTH AND SAFETY

ALLERGIES

It is our priority at Camp U of T Scarborough to keep our campers safe. This is especially true for those with allergies. It is very important that upon registering your child for camp, all allergies and the severity of them are stated.

Camp U of T Scarborough is a **nut-free environment**. This means that no nut products of any kind are permitted at camp. This is to protect our campers who may be severely allergic to nuts. Their reaction to nut exposure (through ingestion or smell) can result in hives, swelling, or death. Please respect our policies in order to ensure the safest measures for our campers!

ASTHMA

If your child has asthma, it is important to inform the Camp Director and/or Camp Coordinator. Please also let the camp know the particular environments that may trigger an asthma attack, if necessary. It is important to inform us if your child requires an inhaler. The inhaler can be placed in your child's backpack or a small pouch that can be kept close at all times. Children will be responsible for administering their inhaler on their own, unless it is an emergency situation and there is medical documentation that gives the camp permission to do so.

HEAD LICE

Head lice is often acquired by close head-to-head contact between others, especially children. It is not a sign of poor hygiene or an unclean living environment. Prior to arriving at camp, please examine your child for head lice/nits. Common symptoms are itching, sores on the scalp, "nits" or eggs on the scalp or grey or brown louse on the scalp. If your child does have lice, they will not be permitted to be at camp until the situation is resolved. If head lice are detected while your child is at camp, a parent/guardian will be contacted immediately.

MEDICATION ADMINISTRATION

No medication can be given without the permission of a child's parent/guardian. This includes all prescription and over-the-counter medicine. If a child must take medication at camp, it must be in the original bottle and labelled with the child's name, dosage required, name of medication and time that medication must be administered.

Medication will be stored at Camp Head Office until ready to be administered. Please inform the Camp Coordinator and/or Camp Director if your child needs medication administered throughout the camp day.

It is the mandate of camp administration and Camp Counsellors to educate children and Leadership youth on what constitutes bullying behaviour, and consequences to this behaviour.

In the case that a bullying incident occurs, camp staff and administration will intervene immediately to proactively diffuse situations.

All cases of bullying will be taken seriously; parents/guardians will be informed of incidents that occur where their child is exhibiting bullying behaviours or being bullied. Each incident will be documented and consequences of repeated bullying will be enforced as outlined on the Anti-Bullying Policy at Camp U of T Scarborough, which will be provided to parents/guardians at the registration desk on the first day of each session.

CAMP REMOVAL PROCESS

Camp U of T puts the safety and well-being of our campers at the forefront of our programming. If a camper is demonstrating behaviours that threaten our commitment to camper safety and well-being, there is a multi-step removal process that we must follow. When a camper is removed from camp, he/she/they are not permitted to return for the remainder of the camp season and no refund will be issued.

Step 1: Warning

The camper will receive a verbal warning. An incident report is filed that details the steps taken to resolve the problem and the report is discussed with parents/guardians upon pick-up.

Step 2: Parent/ guardian is contacted

If the incident occurs again, another incident report is completed and sent to Camp Coordinator at the Head Office. The Camp Coordinator will contact parents and together they will discuss an appropriate behaviour strategy to eliminate behaviours or discuss the immediate removal of the camper, depending on the severity of the issue.

Step 3: Removal from camp

If the behaviours continue despite implementing the discussed behaviour strategy, a parent/guardian will be contacted to pick up their child and the child will be removed from camp.
