## **UNIVERSITY OF TORONTO SCARBOROUGH**

The University of Toronto Scarborough is one of the University's two suburban campuses, and one of its nine colleges. U of T Scarborough provides its students with the amenities of an internationally renowned university in a small, friendly academic community. Established in 1964, the campus is located on the east end of the City of Toronto.

U of T Scarborough's interconnected buildings house modern laboratories, lecture halls, seminar rooms, a computer centre linked to the University's downtown computing facilities, a multimedia language resource centre, a greenhouse, an astronomy observatory, and much more. Originally an integrated part of the University's Faculty of Arts and Science, in 1972 U of T Scarborough became a separate arts and science division of the University of Toronto which allowed it more independence in curriculum development. Located on 300 acres of parkland, University of Toronto Scarborough is one of Canada's most beautiful and picturesque campuses.

With a population of approximately 10,000 full and part-time undergraduate students and 596 staff and faculty, Scarborough has its own distinctive character. UTSC student residences are divided into four phases consisting of 114 townhouses and 59 apartment suites accommodating approximately 767 students and visitors year-round.

## **UNIVERSITY OF TORONTO SCARBOROUGH POLICE**

The University of Toronto Scarborough Police Services has, as its primary responsibility, the safety and security of the University community.

The Campus Police Service consists of the Manager, an Assistant Manager, three Corporals, and eight Constables. All officers are sworn special constables and act under the authority of the Ontario Police Services Act to enforce federal and provincial statutes and municipal by-laws on University of Toronto property. Officers also enforce certain University and parking regulations.

U of T Scarborough Police are on duty 24 hours a day, seven days a week and patrol the campus property by foot, bicycle and car. The purpose of these patrols is to enhance personal safety, to prevent property crime, and to monitor for fire and other hazardous conditions on campus. The University Police office is located on the third level of the Science Wing.

Campus Police coordinate community relations programs, provide speakers, answer inquiries on matters of law enforcement, advise on personal safety and security and other related topics. U of T Scarborough Police also coordinate the UTSC Student Patrol, which operates from September to April. This service is available to all students, staff, faculty and visitors and, as well as being a safer alternative to walking alone at night, the patrollers are also responsible for building checks and general foot patrols.

U of T Scarborough Police are committed to meeting the needs of the community and acting as partners in maintaining a safe and secure environment. The community based policing philosophy at U of T Scarborough was adopted to establish a working relationship with all segments of the campus community and to enhance the department's ability to serve the community. This philosophy encourages Campus Police officers to get to know their community and to act as community problem solvers.

## TRAINING

In 2006, the University of Toronto at Scarborough Police Services have continued to look to both external agencies and in-service trainers for the purpose of fulfilling the training needs of its Special Constables. Also, Campus Police Services has continued conducting regular mandatory in-house training sessions for all Special Constables. Although the Department has three experienced certified Coach Officers and have implemented a Field Training program for all new recruits, no new officers have been employed since May 2004. Finally, mandated Use of Force training was conducted in 2006 for all Special Constables.

Our training is designed to meet the needs of the U of T Scarborough community in combination with directives from the Toronto Police Services Board. Our contract with the Toronto Police Services Board requires that training be maintained at a standard acceptable to the Board. The training program is developed through consultation with the community, other institutions and debriefing of situations. Recommendations from all levels of police personnel contribute to the process of designing the courses to meet the specific needs of the Campus Police and the community. The training curriculum is designed to ensure a balanced mix of mandatory skills training, sensitivity to a University environment and practical field experience. The use of classroom lectures, seminars and the participation of in-group discussions approximate campus-policing situations. Campus resources are used where possible, but due to the unique policing challenges on a campus setting, outside resources are occasionally used as well.

Most prospective candidates for employment must have graduated from a recognized Community College Police Foundations program or a 2-year Law and Security program or be a graduate from a recognized police college which provides a solid foundation for campus policing. A combination of education and work experience is acceptable provided the candidate meets all other recruiting conditions. Most candidates have additional education or work experiences that augment the minimum requirements.

The University of Toronto Scarborough Police Service is committed to recruiting constables who have demonstrated high standards of achievement in their academic and previous work experiences. It is also committed to providing on-going training that ensures knowledge and skills are pertinent, relevant and current in the University environment.

Please see the Training Initiatives on page 15 for a list of training course/sessions attended by University of Toronto at Scarborough Police officers.
