The following positions for a Sessional Lecturer are available in the Department of Sociology for the Winter 2023 academic session. This posting is in accordance with the Collective Agreement between The Governing Council of the University of Toronto and the Canadian Union of Public Employees, Local 3902 (Unit 3).

Applications should be made, with current curriculum vitae, proposed course outline, and evidence of teaching effectiveness. Letters from two referees are also sought; comments on both research and teaching would be of value. Referees letters can be sent separately to: sociology-applications@utsc.utoronto.ca.

Application materials should be submitted to the attention of Professor Joe Hermer, Chair, University of Toronto Scarborough. All applications must be submitted to the Online Teaching Application at: https://www.utsc.utoronto.ca/webapps/cupehiring/dept/ssc/app/sl

Salary is in accordance with the current CUPE 3902 Unit 3 Collective Agreement, below are the rates of pay for each pay category:
Sessional Lecturer I rate of pay will be $8,489.66
Sessional Lecturer I - Long Term rate of pay will be $8,869.25
Sessional Lecturer II rate of pay will be $9,085.57
Sessional Lecturer III rate of pay will be $9,301.90

All of the rates of pay above are effective September 1, 2020, and inclusive of vacation pay for a half course (F or S). Note that should rates stipulated in the Collective Agreement differ from rates stated in this posting, the rates stated in the Collective Agreement shall prevail.

Preference in hiring is given to qualified individuals advanced to the rank of Sessional Lecturer II or Sessional Lecturer III in accordance with Article 14:12.

Contract dates:
Sept 1 – April 30, 2023 (‘Y’ courses, including Final Exams)
Sept 1 – Dec 31, 2022 (‘F’ courses, including Final Exams)
Jan 1 – April 30, 2023 (‘S’ courses, including Final Exams)

with a focus on social inequality and social change. Students will learn the fundamentals of modern computational techniques and data analysis, including how to effectively communicate findings using narratives and visualizations. Topics covered include data wrangling, graphic design, regression analysis, interactive modelling, and categorical data analysis. Methods will be taught using real-world examples in sociology with an emphasis on understanding key concepts rather than mathematical formulas.
