2. Clubs Funding: Presentation by Alyssa M.

Alyssa stated that the SCSU allocates \$50,000 in clubs funding and the \$20,000 comes from CSS. The maximum amount that a club can apply for is \$2,500. The committee consists of Alyssa, John B., Kavita S., Mouad B., and 3 students. To date, 5 rounds have been held with \$40,061.62 spent on approximately 82 events. Round 4 in November had the most club funding requests. There are 8 types of clubs including religious, charity, ethnic, arts, sports, conference, student demographic, and other clubs. Ethnic clubs have had approximately 20 events (32% of events) while conference clubs had 3 events (4% of events) and accounts for 16% of the budget. This averages to \$2000 per conference event. There are key factors in determining the allocation of funding and try to fund all applicants partially or fully ensuring that criteria fits within the policy. John B. sits on the Enhancement Fund committee to ensure that clubs are not applying to both SCSU and CSS funding.
